Attended Report on CNE: Advancement of Digital Health Care

Date of Event: 2nd to 4th September 2024

Venue: Virtual

Organized By: Sakhar Kamgar Hospital Trust, Seva Nursing College, Shrirampur

Course/Year: 4th Year Basic BSc Nursing Students

Incharge Teacher: Mr. Ravindra Vikhe Sir

Timing: 10:00 AM to 4:00 PM

Introduction:

The Continuing Nursing Education (CNE) program on *Advancement of Digital Health Care* was a three-day virtual event organized for the 4th-year Basic BSc Nursing students of Seva Nursing College, Shrirampur. The event aimed to enhance the knowledge and understanding of nursing students about the growing impact of digital technologies in the healthcare sector.

Objective:

The primary objective of this CNE was to provide insights into how digital health technologies are transforming healthcare systems and improving patient outcomes. The program also focused on how nurses can integrate and adapt to these technological advancements to enhance the quality of patient care.

Key Topics Covered:

1. **Introduction to Digital Health Care:**
 - Definition and scope of digital healthcare.
 - Evolution of digital technologies in healthcare over the years.
 - The role of digital health in improving patient care, increasing efficiency, and reducing errors.
2. **Telemedicine and Virtual Health Services:**
 - Understanding telemedicine, its applications, and its benefits for remote patient care.
 - Use of telehealth platforms in monitoring chronic diseases, follow-ups, and consultations.
 - Ethical and legal considerations of telemedicine.
3. **Electronic Health Records (EHR):**
 - Overview of Electronic Health Records and their significance in healthcare systems.
 - How EHRs improve data sharing, reduce paper records, and enhance patient safety.
 - Challenges faced by healthcare professionals in managing and using EHRs.

4. Wearable Health Technologies:

- The rise of wearable devices like fitness trackers, heart rate monitors, and glucose meters.
- How these devices provide real-time data for patients and healthcare providers.
- The role of nurses in monitoring and interpreting data from these devices.

5. Artificial Intelligence (AI) and Machine Learning in Nursing:

- Exploring AI and machine learning tools in diagnostics, predictive analytics, and personalized treatment plans.
- How AI assists in data processing, reducing human error, and improving clinical decision-making.

6. Cybersecurity and Privacy in Digital Health:

- Protecting patient data from cyber threats and maintaining privacy.
- Understanding legal and ethical responsibilities regarding digital health information security.

7. Future Trends in Digital Health:

- The future scope of digital health technologies and innovations such as virtual reality (VR) and augmented reality (AR) in healthcare.
- How nurses will play a pivotal role in adapting to and implementing new technologies.

Learning Outcomes:

By the end of the CNE, the students gained:

- A comprehensive understanding of the major digital health innovations and their applications.
- Knowledge of the practical use of telemedicine, EHRs, and wearable devices.
- Awareness of the critical role of nursing in the integration of digital tools into clinical practice.
- Understanding the ethical, legal, and privacy issues surrounding digital health.

Interactive Sessions and Discussions:

Each day of the CNE featured interactive sessions with industry experts, allowing students to ask questions and participate in discussions. Case studies were presented where students analyzed real-world scenarios involving digital health tools. This helped reinforce theoretical knowledge and practical application.

Conclusion:

The CNE on the *Advancement of Digital Health Care* was an invaluable learning experience that significantly contributed to the professional development of the nursing students at Seva Nursing College. The event provided essential knowledge on how digital technologies are shaping the future of healthcare and the role of nurses in this transformation. The participation of students in this virtual event allowed them to stay abreast of the latest trends and developments in digital health, preparing them to adapt to and implement these technologies in their nursing careers.

Attended Report on CNE: Integration of Comprehensive Forensic Nursing

Date of Event: 19th September 2024

Venue: Virtual

Organized By: Maratha Vidya Prasarak Samaj's Institute of Nursing Education, Adgaon, Nashik

Attended By: SKH Trust Seva Nursing College, 5th Semester Students

Incharge Teacher: Mr. Nikhil Kharde Sir

Timing: 10:00 AM to 4:00 PM

Introduction:

The Continuing Nursing Education (CNE) program on *Integration of Comprehensive Forensic Nursing* was conducted by the Maratha Vidya Prasarak Samaj's Institute of Nursing Education, Adgaon, Nashik, on 19th September 2024. The virtual event was attended by the 5th semester nursing students from SKH Trust Seva Nursing College, along with their incharge teacher, Mr. Nikhil Kharde. The primary aim of the CNE was to educate the students about the integration of forensic nursing practices in healthcare and the importance of understanding forensic issues in nursing care.

Objective:

The objective of the CNE was to introduce students to the specialized field of forensic nursing and to provide comprehensive knowledge on how forensic nursing can be integrated into routine healthcare practice. It focused on the role of nurses in managing cases of violence, trauma, abuse, and legal proceedings, and emphasized the significance of forensic evidence in patient care and criminal justice.

Key Topics Covered:

1. **Introduction to Forensic Nursing:**
 - Definition and scope of forensic nursing as a unique specialization within nursing.
 - History and development of forensic nursing practices.
 - The critical role forensic nurses play in supporting patients involved in criminal or legal cases.
2. **Forensic Nursing and Patient Care:**
 - Identifying signs of abuse, trauma, and neglect in patients.
 - Providing care for victims of violence, sexual assault, and other crimes.
 - The responsibilities of a nurse in handling sensitive cases while maintaining patient dignity and confidentiality.
3. **Collection and Preservation of Forensic Evidence:**

- Techniques for properly collecting, documenting, and preserving forensic evidence.
 - Legal and ethical protocols for handling forensic evidence to ensure it is admissible in court.
 - Understanding the chain of custody for evidence in forensic cases.
 - 4. **Forensic Nursing in Various Healthcare Settings:**
 - Role of forensic nurses in emergency departments, clinics, and specialized forensic units.
 - Working with law enforcement, legal professionals, and other healthcare providers to provide holistic care.
 - Managing complex cases like sexual assault, domestic violence, human trafficking, and death investigations.
 - 5. **Psychological and Emotional Support for Victims:**
 - Understanding the trauma experienced by victims of violence and abuse.
 - Providing appropriate psychological support and intervention to help patients cope with trauma.
 - The role of nurses in guiding patients through the legal process, maintaining their privacy, and addressing their mental health needs.
 - 6. **Legal and Ethical Considerations:**
 - Legal obligations for nurses working in forensic settings, including confidentiality and patient rights.
 - The role of nurses as witnesses in court and their responsibilities when giving testimony.
 - Navigating the ethical challenges of working with sensitive forensic cases while ensuring impartiality and professionalism.
 - 7. **Career Opportunities and Specialization in Forensic Nursing:**
 - The path to becoming a certified forensic nurse and the education required.
 - Career prospects in law enforcement agencies, legal sectors, and specialized healthcare settings.
 - The importance of continuous professional development in the field of forensic nursing.
-

Learning Outcomes:

By the conclusion of the CNE, the nursing students gained the following:

- A thorough understanding of the role and importance of forensic nursing in healthcare.
- Knowledge of the procedures for collecting, handling, and preserving forensic evidence.
- Awareness of the legal and ethical issues involved in forensic nursing.
- Insight into the psychological needs of patients involved in forensic cases and how nurses can support their recovery.
- A broader perspective on the career opportunities available for forensic nursing professionals.

Interactive Sessions and Discussions:

The virtual event featured multiple interactive sessions where expert forensic nurses shared real-world case studies and experiences. These sessions helped bridge the gap between theoretical knowledge and practical application. Students were encouraged to ask questions, engage in discussions, and share their views on the topics covered. Through these interactions, students gained deeper insights into the complexities of forensic nursing and how it impacts both healthcare and the criminal justice system.

Conclusion:

The CNE on *Integration of Comprehensive Forensic Nursing* provided valuable knowledge and skills that are essential for nursing students, particularly those in their 5th semester, as they prepare for real-world healthcare scenarios. The session emphasized the critical role forensic nursing plays in safeguarding patient welfare and supporting the criminal justice process. It was an enriching experience that helped students appreciate the diverse aspects of forensic nursing and its integration into modern healthcare practices. The event has equipped students with the foundational knowledge necessary to pursue this specialized field in their future nursing careers.

Report on CNE on "Guidance on Jobs Abroad" Organized by Sakhar Kamgar Hospital Trust Seva Nursing College

Event Title: Continuing Nursing Education (CNE) on Guidance on Jobs Abroad

Date: 27th September 2024

Time: 10:00 AM to 1:00 PM

Venue: Virtual Platform

Organizer: Mr. Nikhil Kharde

Speaker: Manjit K Singh, professor, Consultant "jobs in abroad" Firm.

Introduction

On 27th September 2024, a Continuing Nursing Education (CNE) session on *Guidance on Jobs Abroad* was organized by Mr. Nikhil Kharde for the 4TH YEAR BSc Nursing students at Sakhar Kamgar Hospital Trust Seva Nursing College. The session was held virtually and aimed to provide students with valuable insights into international career opportunities in nursing, guiding them on how to pursue nursing jobs abroad. This event was particularly important as many nursing students aspire to work internationally, and it helped them understand the qualifications, processes, and preparations required for such career paths.

Objectives of the CNE

The main objectives of the CNE were:

- To provide students with a comprehensive understanding of the opportunities available in nursing abroad.
- To guide students on the necessary qualifications, examinations, and language proficiency requirements for working overseas.
- To equip students with essential information about the process of applying for jobs abroad and the necessary documentation (e.g., visa, work permits).
- To inspire students to pursue international career opportunities and explore global nursing practices.

Program Overview

Morning Session (10:00 AM - 1:00 PM):

The CNE session started at 10:00 AM with a virtual introduction from Mr. Nikhil Kharde, the organizer of the event, who set the context and objectives for the session. He welcomed the resource person, Professor , and highlighted the importance of preparing for international career opportunities in nursing.

Professor , the resource person, took the lead in the session, presenting a detailed overview of the opportunities for nurses abroad. The topics covered included:

- Overview of nursing job opportunities in different countries, including the USA, UK, Canada, and the Middle East.
- The necessary qualifications and certifications required to work abroad, such as licensing exams (e.g., NCLEX, OET).
- Language proficiency requirements for specific countries (e.g., IELTS, TOEFL).
- Information about visa processes, work permits, and legal requirements for international employment.
- Guidance on how to prepare a professional resume and cover letter for job applications abroad.
- Cultural differences and challenges of working in a foreign healthcare system and how to adapt.

Throughout the session, the resource person shared valuable insights into the practical steps students must take to pursue a nursing career abroad, emphasizing the importance of research, proper preparation, and perseverance.

Q&A Session:

At the end of the presentation, a Q&A session was conducted where students had the opportunity to ask questions about specific countries, exams, and preparation strategies. Many students were eager to understand more about specific nursing certifications and the best steps to take toward securing a job abroad. The resource person answered all questions in detail, providing clear and actionable advice.

Role of the Principal and Organizer

The event was well-guided by the Principal, Mr. Ajmoddin, whose continuous support ensured the success of the CNE. His guidance helped align the session with the academic goals and career aspirations of the students.

Mr. Nikhil Kharde, the organizer of the event, was responsible for the overall planning and coordination, ensuring that the virtual platform was accessible to all students and that the resource person was well-prepared to deliver a comprehensive session. The event was smoothly conducted with his leadership and attention to detail.

Outcome and Conclusion

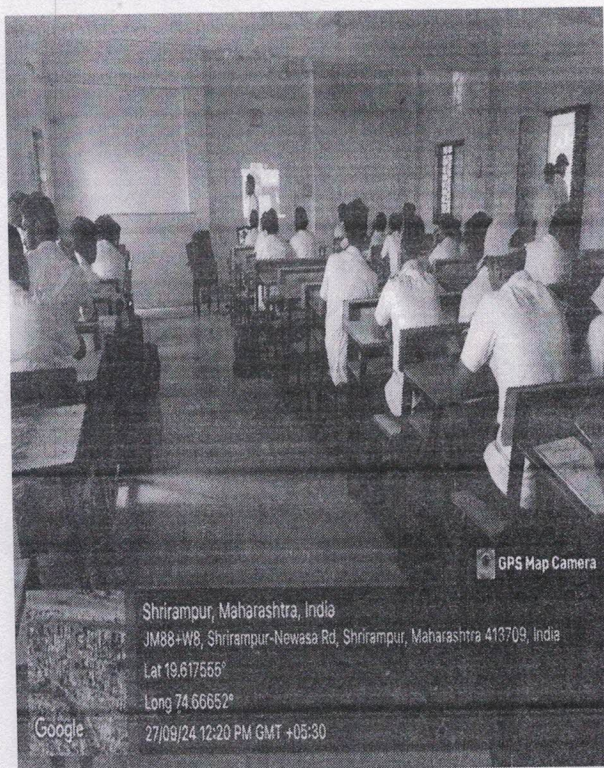

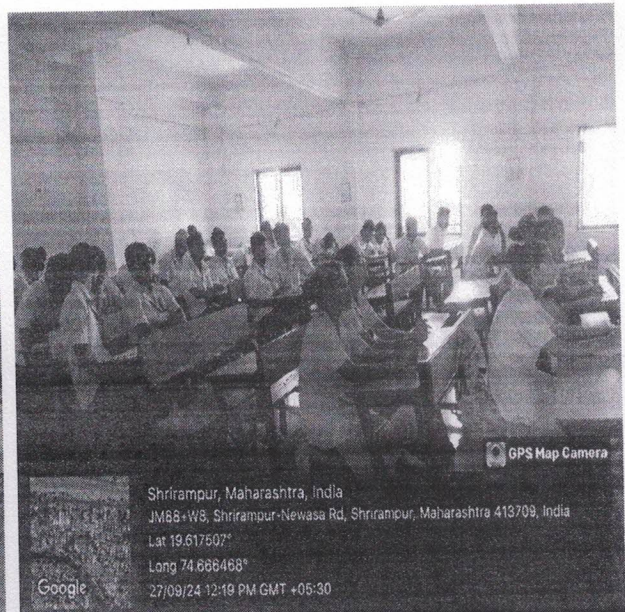

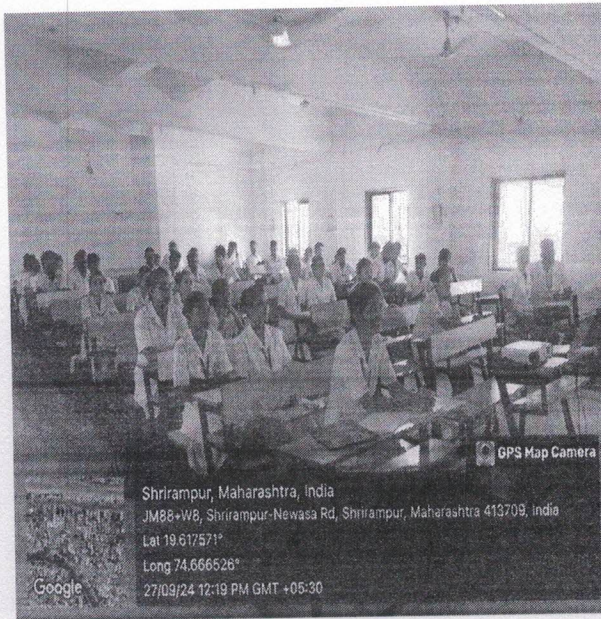

The CNE on *Guidance on Jobs Abroad* proved to be an invaluable session for the 4TH-year BSc Nursing students. The session provided essential information about the various career opportunities abroad, as well as practical guidance on the steps to take in order to work internationally as a nurse. Students were highly engaged, and the feedback indicated that they felt more confident and informed about pursuing international job prospects.

The event was successful in helping students understand the global opportunities available to them, while also motivating them to plan their future careers thoughtfully and strategically.

Acknowledgments

The organizing team extends their gratitude to Professor for sharing their knowledge and experience with the students. Special thanks go to the Principal, Mr. Ajmoddin, for his continuous support and guidance throughout the event. We also thank the students for their active participation and engagement during the session.

The Medical-Surgical Nursing Department looks forward to organizing more CNE sessions that will continue to support the academic and professional growth of nursing students.

CNE Report: Multidisciplinary Approach in Forensic Nursing: Law Enforcement and Healthcare

Venue and Organized by: Dr. Vithalrao Vikhe Patil Foundation's College of Nursing, Ahmednagar

Date: 8th October 2024

Time: 10:00 AM – 4:00 PM

Attended by: SKH Trust Seva Nursing College Students (4th Year Basic BSc and 2nd Semester Nursing Students)

Incharge Teacher: Mr. Sandesh Shisath

Introduction

On the 8th of October, 2024, a Continuing Nursing Education (CNE) program was held at Dr. Vithalrao Vikhe Patil Foundation's College of Nursing, Ahmednagar. The event focused on the Multidisciplinary Approach in Forensic Nursing: Law Enforcement and Healthcare and was attended by nursing students from SKH Trust Seva Nursing College, including 4th Year Basic BSc Nursing students and 2nd Semester Nursing students. The program aimed to enhance the knowledge of nursing students regarding the intersection of law enforcement, healthcare, and forensic nursing practices.

The session was conducted by experienced speakers and practitioners in the field, providing participants with crucial insights into forensic nursing's role in criminal investigations and patient care.

Objectives of the CNE Program

- To provide an understanding of forensic nursing and its significance in both healthcare and legal systems.
 - To explore the collaborative role of healthcare professionals and law enforcement in forensic nursing.
 - To discuss the legal, ethical, and procedural aspects of forensic nursing practice.
 - To equip nursing students with the essential skills required for handling forensic cases with professionalism and competence.
-

Program Overview

The CNE program was structured to provide in-depth knowledge through a series of interactive sessions. The key areas covered included the role of forensic nurses, the collaboration between healthcare providers and law enforcement, evidence collection, and the challenges faced in forensic cases.

Session 1: Introduction to Forensic Nursing

Time: 10:00 AM – 11:00 AM

The first session introduced forensic nursing, explaining its unique role in bridging healthcare and the criminal justice system. The speaker discussed the responsibilities of forensic nurses, particularly in collecting evidence, conducting assessments, and maintaining documentation for legal purposes.

Session 2: Legal Considerations in Forensic Nursing

Time: 11:00 AM – 12:30 PM

This session focused on the legal aspects of forensic nursing. Participants were educated on the importance of maintaining the chain of custody of evidence, ensuring confidentiality, and understanding the legal implications of their roles in cases involving assault, abuse, and other criminal activities.

Session 3: Collaboration Between Healthcare Professionals and Law Enforcement

Time: 12:30 PM – 2:00 PM

The third session highlighted the importance of a multidisciplinary approach to forensic nursing. Nurses were taught how to collaborate with law enforcement and other healthcare professionals to ensure effective care and proper handling of forensic evidence. Real-world case studies were presented to demonstrate the importance of teamwork in investigations.

Lunch Break

Time: 2:00 PM – 2:30 PM

Session 4: Forensic Evidence Collection and Documentation

Time: 2:30 PM – 3:30 PM

This session provided practical insights into the techniques of evidence collection, focusing on the preservation of biological samples and physical evidence. It also emphasized the role of proper documentation in the forensic process to ensure that the evidence is legally admissible in court.

Session 5: Ethical and Emotional Challenges in Forensic Nursing

Time: 3:30 PM – 4:00 PM

The final session discussed the ethical and emotional challenges that forensic nurses often encounter, including dealing with victims of trauma and navigating complex legal systems. The session emphasized the importance of self-care, continued education, and emotional support in handling such sensitive cases.

Key Takeaways

- **The Role of Forensic Nurses:** Forensic nurses are crucial in handling cases involving legal and healthcare intersections. Their role in evidence collection and documentation is vital for the justice system.
- **Legal and Ethical Considerations:** Nurses must be aware of their legal and ethical obligations when dealing with victims of violence and other crimes. Proper documentation and the chain of custody are essential components of forensic nursing practice.
- **Multidisciplinary Collaboration:** Successful forensic nursing involves collaboration between healthcare professionals, law enforcement, and legal personnel. A team approach ensures the best outcomes for both patients and the criminal justice system.

- **Emotional and Psychological Aspects:** Nurses should be prepared to handle the emotional challenges that come with forensic cases. Providing compassionate care while maintaining professionalism is essential for both the victim and the healthcare team.
-

Conclusion

The CNE program was an informative and enriching experience for the nursing students in attendance. It provided a comprehensive understanding of forensic nursing, emphasizing the importance of a multidisciplinary approach involving healthcare providers and law enforcement. The insights gained from the sessions will enable students to handle forensic cases with professionalism, while also recognizing the legal, ethical, and emotional challenges that come with this specialized field of nursing.

The event was well-organized by Dr. Vithalrao Vikhe Patil Foundation's College of Nursing, and we would like to extend our gratitude to the organizers, Mr. Sandesh Shisath, and all the speakers who contributed to making this CNE session a success.

Report on the Online National Level E-Conference on Advancement in Digital Health Care

Organized By:

Faculty of Nursing, Parul University, Vadodara, Gujarat

Attended By:

Teaching Staff of Sakhar Kamgar Hospital Trust Seva Nursing College, Shrirampur

Date:

2nd September to 4th September 2025

Time:

10:00 AM to 12:00 PM (Daily)

Venue:

Virtual (Online Platform)

Introduction

The online national-level e-conference on *Advancement in Digital Health Care* was organized by the Faculty of Nursing at Parul University, Vadodara, Gujarat. This e-conference was held from 2nd September to 4th September 2025, with each session scheduled from 10:00 AM to 12:00 PM. The event provided an excellent platform for educators, healthcare professionals, and students to explore the latest advancements in digital healthcare.

The e-conference was attended by the teaching staff of Sakhar Kamgar Hospital Trust Seva Nursing College, Shrirampur, who participated in the discussions, gaining insights into the rapidly evolving healthcare technology landscape and its application in nursing education and practice.

Objectives of the Conference

The key objectives of the e-conference were as follows:

- To promote awareness of digital innovations and technologies in the healthcare sector.
- To highlight the role of digital health tools in improving patient care and outcomes.
- To foster collaboration among healthcare educators, practitioners, and students in the field of digital health.
- To provide a forum for discussions and knowledge sharing on the impact of digital tools and telemedicine on nursing practice and healthcare delivery.

Sessions Overview

Day 1 (2nd September 2025):

The first day of the conference focused on *Introduction to Digital Health and Healthcare Technologies*. Keynote speakers discussed the significance of digital health systems in improving the efficiency and accessibility of healthcare services. Topics covered included electronic health records (EHR), telemedicine, and wearable health technologies.

Day 2 (3rd September 2025):

The second day centered around *Telemedicine and Virtual Healthcare Services*. Presentations highlighted how telemedicine has transformed healthcare delivery, especially in rural and underserved

areas. There were also discussions on the challenges and opportunities of integrating telemedicine into everyday healthcare practices.

Day 3 (4th September 2025):

The final day of the conference was dedicated to *Data Analytics, Artificial Intelligence, and the Future of Digital Health Care*. Experts in the field shared their insights into how AI and data analytics are being leveraged to predict patient outcomes, assist in diagnosis, and optimize healthcare management. The session concluded with a panel discussion on future trends in digital health.

Learning Outcomes

The conference proved to be a rich source of knowledge for all participants, offering key takeaways such as:

- The increasing importance of digital tools in modern healthcare, especially during the pandemic.
- How telehealth has significantly expanded healthcare access, particularly for remote populations.
- The need for continuous training and development for healthcare providers to keep up with technological advancements.
- The potential of AI and data analytics in improving patient care by enabling early detection and personalized treatments.

Conclusion

The e-conference on *Advancement in Digital Health Care* was an enriching experience for the teaching staff of Sakhar Kamgar Hospital Trust Seva Nursing College. It provided a valuable opportunity to learn from industry experts and gain a deeper understanding of the intersection between technology and healthcare.

The event emphasized the growing role of digital health in transforming patient care and highlighted the need for healthcare professionals to embrace technological advancements in their practice. The participants expressed their enthusiasm for integrating the knowledge gained into their academic and clinical settings.

Acknowledgments

The teaching staff of Sakhar Kamgar Hospital Trust Seva Nursing College would like to thank Parul University for organizing such an insightful event and for providing an engaging platform for knowledge exchange.

Report on the CNE on CPR and BLS Skilled Training (Child) Organized by the Medical-Surgical Nursing Department

Event Title:

Continuing Nursing Education (CNE) on *CPR and BLS Skilled Training (Child)*

Dates:

18th & 19th October 2024

Venue:

Sakhar Kamgar Hospital Trust Seva Nursing School and College, SHRIRAMPUR

Time:

9:00 AM to 5:00 PM (with a lunch break from 1:00 PM to 2:00 PM each day)

Organizer:

Mr. Akash Pawar, Medical-Surgical Nursing Department

Subject Experts:

- **Day 1:** Mr. Vaibhav Bhosale, Medical-Surgical Nursing, Women's and Child Hospital, Dhule
- **Day 2:** Dr. Rahul Deshmukh, MGM Medical College and Hospital, N-6 CIDCO, Chhatrapati Sambhajinagar

Introduction

The Continuing Nursing Education (CNE) program on *CPR and BLS Skilled Training (Child)* was successfully organized by the Medical-Surgical Nursing Department of Sakhar Kamgar Hospital Trust Seva Nursing School and College on 18th and 19th October 2024. The program aimed to provide participants with essential skills and knowledge in performing Cardiopulmonary Resuscitation (CPR) and Basic Life Support (BLS) specifically for children.

This two-day CNE was designed for nursing students and faculty to enhance their proficiency in handling pediatric emergencies. The participants received a comprehensive understanding of child-specific life-saving techniques, empowering them to act confidently and competently in emergency situations.

Objectives of the CNE

The main objectives of the CNE were:

- To educate participants on CPR and BLS techniques tailored for pediatric patients.
- To enhance the skills and confidence of nursing students in responding to pediatric emergencies.
- To ensure that nursing professionals are proficient in performing life-saving interventions for children in critical conditions.

- To provide an opportunity for hands-on training with expert guidance from experienced professionals in the field of pediatric emergency care.

Program Overview

Day 1 (18th October 2024)

- **Morning Session (9:00 AM - 1:00 PM):**
The CNE began with an introduction to pediatric emergency care, focusing on CPR and BLS for children. Mr. Vaibhav Bhosale, the subject expert from Women's and Child Hospital, Dhule, led the first session. Key topics discussed included:
 - Understanding the basic principles of CPR and BLS for children
 - Recognizing signs of cardiac arrest in infants and children
 - Proper techniques for one-rescuer and two-rescuer CPR
 - The steps involved in airway management for children
- **Afternoon Session (2:00 PM - 5:00 PM):**
Following the lunch break, participants engaged in hands-on training. Mr. Bhosale demonstrated essential pediatric life-saving techniques, and students practiced CPR and BLS on child mannequins. The session also included:
 - Performing chest compressions and rescue breathing for children
 - Using Automated External Defibrillators (AEDs) in pediatric emergencies
 - Practicing teamwork and communication in pediatric emergency care

Day 2 (19th October 2024)

- **Morning Session (9:00 AM - 1:00 PM):**
On the second day, Dr. Rahul Deshmukh from MGM Medical College and Hospital, N-6 CIDCO, Chhatrapati Sambhajnagar, took over the expert session. Dr. Deshmukh provided a deeper understanding of more advanced pediatric emergency procedures. Topics covered included:
 - Advanced airway management techniques in children
 - Pediatric trauma management and recognizing shock
 - Treatment of common pediatric emergencies like choking, asthma, and seizures
 - Pediatric life support techniques, including medication administration in emergencies
- **Afternoon Session (2:00 PM - 5:00 PM):**
The final session of the CNE involved practical, simulation-based training. Students participated in different skill stations where they performed CPR and BLS techniques on child mannequins. Dr. Deshmukh and the organizing team provided feedback and guidance during the practice sessions to ensure proper technique and effective responses to pediatric emergencies.

Outcome and Impact

The CNE successfully met its objectives, with participants gaining critical skills and knowledge necessary to manage pediatric emergencies effectively. The combination of theoretical learning and practical training provided a well-rounded education on CPR and BLS for children.

By the end of the program, participants demonstrated increased confidence in their ability to perform life-saving procedures in pediatric emergencies. The hands-on training allowed them to refine their techniques and feel more prepared to respond appropriately in real-life situations.

The event received positive feedback from all participants, who appreciated the expert instruction and the opportunity to practice life-saving techniques. The CNE not only strengthened the participants' technical abilities but also reinforced the importance of being well-prepared to handle critical situations in pediatric care.

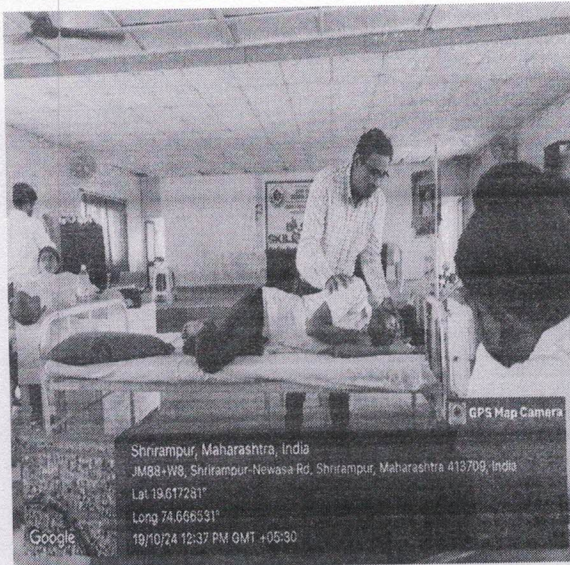

Conclusion

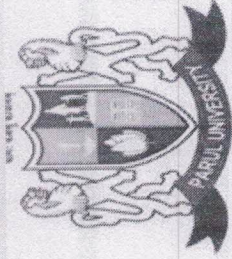

The *CPR and BLS Skilled Training (Child)* CNE was a resounding success, providing valuable insights and training to nursing students and faculty. The Medical-Surgical Nursing Department, under the leadership of Mr. Akash Pawar, successfully organized the program, with expert guidance from Mr. Vaibhav Bhosale and Dr. Rahul Deshmukh. The CNE served as an essential learning experience for participants, equipping them with life-saving skills that are crucial for effective pediatric emergency care.

The department looks forward to organizing more such CNE programs in the future to continue enhancing the skills of nursing professionals and to ensure high standards of care in emergency situations.

Acknowledgments

The organizing team would like to express sincere gratitude to the subject experts, Dr. Rahul Deshmukh and Mr. Vaibhav Bhosale, for their valuable contributions. We also extend our thanks to the participants for their active engagement, and the panel members for their support throughout the event.

Combined Report on Continuing Nursing Education (CNE) Attendance by Teaching Staff of Sakhar Kamgar Hospital Seva Nursing College, SHRIRAMPUR

The teaching staff of Sakhar Kamgar Hospital Seva Nursing College actively participated in a series of Continuing Nursing Education (CNE) programs throughout 2024 and 2025. These programs were focused on enhancing their professional development, improving clinical practice, and expanding their academic research capabilities. Below is a detailed report on the various CNE sessions attended by the faculty members.

1. Mr. Shaikh Ajmoddin Riyajoddin

Mr. Shaikh Ajmoddin Riyajoddin participated in several CNE programs, gaining valuable insights into nursing education, research methodology, and clinical skills.

i) “Bridging the Gap: Innovating Nursing Education for Excellence in Clinical Practice”

- **Dates:** 10th & 11th October 2024
- **Overview:**
This workshop focused on innovative strategies to enhance nursing education and clinical practice. The session aimed to bridge the gap between theoretical knowledge and practical application, providing nursing educators with new tools and techniques to improve student learning and clinical performance.

ii) “Short Term Training Program on Research Methodology”

- **Dates:** 27th June to 3rd July 2024
- **Overview:**
This program offered a comprehensive introduction to research methodology, covering the basics of research design, data collection techniques, and statistical analysis. The course was essential for enhancing research capabilities and understanding the importance of evidence-based practice in nursing.

iii) “Advanced AI Tools for Academic Research and Academia”

- **Dates:** 14th to 17th October 2024
- **Overview:**
The workshop introduced advanced artificial intelligence tools to aid in academic research. Mr. Riyajoddin gained valuable knowledge on how AI can enhance research efficiency, including its applications in data analysis, literature reviews, and academic writing.

iv) “BLS (SPR) Skill Training”

- **Dates:** 18th & 19th October 2024
- **Overview:**
This training program focused on life-saving skills, including Basic Life Support (BLS) and CPR. The hands-on sessions were designed to ensure healthcare

professionals could respond effectively in emergencies, enhancing their ability to save lives in critical situations.

v) “Research: Concept to Publication”

- **Dates:** 25th to 30th November 2024
 - **Overview:**
This program covered the entire research process, from formulating a research question to publishing findings in peer-reviewed journals. Mr. Riyajoddin gained crucial insights into research dissemination and how to navigate the challenges of academic publishing.
-

2. Ms. Patharkar Kanchan Nandkumar

Ms. Patharkar Kanchan Nandkumar participated in a significant CNE focused on leadership in nursing.

“Building Resilient Leaders: Shaping the Future of Nursing”

- **Date:** 28th December 2024
 - **Overview:**
This CNE program aimed to develop resilient leadership qualities in nurses. As a participant, Ms. Nandkumar explored strategies for building leadership skills, emphasizing the importance of resilience, adaptability, and emotional intelligence in shaping the future of nursing leadership.
-

3. Mr. Sandesh Suresh Shirsath

Mr. Sandesh Suresh Shirsath participated in a CNE focused on leadership in multidisciplinary education and healthcare.

“Empowering Leadership in Multidisciplinary Education and Healthcare”

- **Dates:** 20th to 25th January 2025
 - **Overview:**
This CNE program focused on empowering leadership within multidisciplinary teams in healthcare. Mr. Shirsath engaged in discussions and activities centered on fostering collaboration, communication, and leadership within healthcare settings, with the aim to enhance overall patient care and team dynamics.
-

4. Ms. Gayatri Ramakant Gawade

Ms. Gayatri Ramakant Gawade participated in the same **Short Term Training Program on Research Methodology** as Mr. Riyajoddin.

“Short Term Training Program on Research Methodology”

- **Dates:** 27th June to 3rd July 2024
 - **Overview:**
This program was identical to the one attended by Mr. Ajmoddin. It provided Ms. Gawade with a strong foundation in research methodology, equipping her with the knowledge necessary for conducting high-quality nursing research. The program covered research designs, statistical methods, and ethical considerations.
-

Conclusion

The teaching staff of Sakhar Kamgar Hospital Seva Nursing College has shown a strong commitment to advancing their knowledge and skills through participation in various CNE programs. These programs have provided them with valuable insights into nursing education, leadership, research methodology, advanced tools for academic research, and life-saving clinical skills. The knowledge and skills gained from these CNEs will contribute significantly to their professional growth and the quality of education they provide to nursing students.

These professional development opportunities not only enhance individual teaching capabilities but also improve the overall standard of nursing education and patient care at Sakhar Kamgar Hospital Trust Seva Nursing College.

The participants expressed gratitude for the opportunity to attend these CNEs and are eager to integrate their learning into both their teaching and clinical practice.

Time: 10:00 AM – 4:00 PM

Target Audience: 4th Semester Nursing Students from Seva Nursing College, Shrirampur

Incharge Teacher: Mr. Sandesh Shirsath, Sir

Introduction:

On 28th December 2024, the 4th Semester Nursing students from Seva Nursing College, Shrirampur, attended a Continuing Nursing Education (CNE) program titled "*Building Resilient: Leader Shaping the Future of Nursing*" at Dr. Vitthalrao Vikhe Patil Foundation, Ahilyanagar. This full-day event, held from 10:00 AM to 4:00 PM, was led by Mr. Sandesh Shirsath, Psychiatric Incharge. The session aimed at enhancing the resilience, leadership skills, and professional growth of nursing students, preparing them to effectively navigate the challenges of modern healthcare, particularly in psychiatric nursing.

Objective of the Program:

The primary objective of this CNE was to build resilience in nursing students while fostering leadership skills that will help them shape the future of nursing. The program focused on practical strategies for managing stress, preventing burnout, and developing the qualities necessary to become effective leaders in the healthcare field.

Program Overview:

1. Arrival and Introduction:

The students from Seva Nursing College, Shrirampur, along with their incharge teacher, Mr. Sandesh Shirsath, arrived at the Dr. Vitthalrao Vikhe Patil Foundation at 10:00 AM. The session began with an introduction to the key themes of resilience and leadership in nursing, highlighting the importance of these qualities in the context of both general nursing and psychiatric care.

2. Understanding Resilience:

Mr. Shirsath provided a detailed explanation of resilience, particularly in the nursing profession. He discussed how nurses often face high-pressure situations, emotional strain, and physical exhaustion, which makes resilience essential. Practical methods such as mindfulness, emotional regulation, and coping strategies were shared to help the students build personal resilience in their nursing careers.

3. Nursing Leadership:

The next segment focused on leadership in nursing. Mr. Shirsath explained that leadership is not only about managerial positions but about influencing others, supporting teams, and advocating for patients. He encouraged students to develop leadership traits such as empathy, communication, decision-making, and conflict resolution to be effective leaders in healthcare settings.

4. Psychiatric Nursing Focus:

Given Mr. Shirsath's expertise in psychiatry, a portion of the session specifically addressed the mental health challenges faced by nurses, especially those working in psychiatric settings. The session explored the importance of maintaining one's own mental health while caring for patients with psychiatric conditions, and the students were encouraged to recognize and manage stress and burnout.

5. Interactive Activities and Group Discussions:

The students participated in various interactive activities, including group discussions, role-playing, and case study analysis. These activities allowed them to engage with

the concepts of resilience and leadership, applying them to practical scenarios. This hands-on approach helped them understand how to implement these skills in real-world nursing situations.

6. **Q&A and Reflection:**

At the end of the session, the students had the opportunity to ask questions and share their thoughts. The Q&A session was lively, with students expressing their appreciation for the valuable insights provided by Mr. Shirsath. Many students commented on how they felt more prepared to handle stress and step into leadership roles in their nursing careers.

Conclusion:

The CNE program on "*Building Resilient: Leader Shaping the Future of Nursing*" was an enriching experience for the 4th Semester Nursing students from Seva Nursing College, Shrirampur. The session effectively addressed the need for resilience and leadership in nursing, providing students with practical strategies and knowledge to succeed in their professional careers. Mr. Shirsath's expertise in psychiatric nursing added significant value, helping students understand how to maintain their mental health and develop as compassionate, effective leaders in the nursing field.

The event concluded with a sense of motivation and inspiration, encouraging the students to embrace leadership roles and prioritize their well-being as they advance in their nursing careers.

Recommendations:

- It is recommended that Seva Nursing College continues to engage in such CNE programs to further develop the leadership and resilience of nursing students.
- Future sessions could explore more specialized areas of nursing practice to provide students with a broader understanding of the various challenges and opportunities in the profession.

Report on the CNE on Basic English Skills Organized by Sakhar Kamgar Hospital Trust Seva Nursing College

Event Title:

Continuing Nursing Education (CNE) on *Basic English Skills*

Date:

21st November 2024

Time:

10:00 AM to 4:00 PM (Lunch Break from 1:00 PM to 2:00 PM)

Venue:

Sakhar Kamgar Hospital Trust Seva Nursing College

Organizer:

Miss Aarti Bagul

Co-organizer:

Mr. Ashish Gaikwad

Principal:

Mr. Ajmoddin (Well-guided the event)

Resource Person:

Professor Akash Bramhane

Introduction

A Continuing Nursing Education (CNE) session on *Basic English Skills* was successfully organized on 21st November 2024 at Sakhar Kamgar Hospital Trust Seva Nursing College. This CNE was specifically aimed at enhancing the English communication skills of 1st-year GNM students and 1st-semester BSc Nursing students. The event was organized by Miss Aarti Bagul, with Mr. Ashish Gaikwad serving as the co-organizer.

The primary objective of this CNE was to provide nursing students with the essential English language skills needed for effective communication in the healthcare setting. Clear communication is crucial in nursing practice, as it ensures proper patient care and improves interaction with healthcare teams.

Objectives of the CNE

The key objectives of the CNE were:

- To improve the basic English communication skills of nursing students.
- To help students develop better reading, writing, and speaking abilities in English.
- To enhance the students' confidence in using English in clinical and academic settings.

- To prepare students for effective communication with patients, colleagues, and during examinations or assessments.

Program Overview

The event began at **10:00 AM** and was designed to include both theoretical knowledge and practical exercises to help participants develop their English language proficiency. The CNE was structured into the following sessions:

Morning Session (10:00 AM - 1:00 PM):

The first session was focused on building the foundation of English skills. Professor Akash Bramhane, the resource person for the event, introduced the students to essential grammar concepts, sentence structure, and vocabulary needed for nursing practice. Topics covered included:

- Introduction to basic English grammar and sentence construction
- Building nursing-related vocabulary
- Effective communication techniques for patient care
- Pronunciation and fluency practices

Students were engaged in interactive exercises, including group discussions and role-plays, to enhance their speaking and listening abilities. This session was designed to build confidence in using English in real-life nursing scenarios.

Lunch Break (1:00 PM - 2:00 PM)

A one-hour lunch break was provided to participants, allowing them to relax and network with peers and faculty members.

Afternoon Session (2:00 PM - 4:00 PM):

The afternoon session focused on refining written and verbal communication. Professor Akash Bramhane guided the students through practical activities to improve their writing and presentation skills. The session included:

- Writing short reports, patient charts, and care plans in English
- Techniques for giving clear and concise instructions to patients and colleagues
- Emphasis on communication during emergency situations and in patient care
- Improving English pronunciation for effective interaction with patients

Participants had the opportunity to practice writing tasks and engage in mock presentations, where they were encouraged to articulate their thoughts clearly and confidently.

Role of the Organizers and Principal

The CNE was well-guided by the Principal, Mr. Ajmoddin, whose support was instrumental in the successful planning and execution of the event. His guidance ensured smooth coordination and effective management throughout the program.

Miss Aarti Bagul, the organizer, and Mr. Ashish Gaikwad, the co-organizer, were responsible for the event's overall planning, including arranging for the resource person, managing the schedule, and ensuring that the session ran smoothly. They played an active role in assisting the students and ensuring that all logistical aspects of the event were taken care of.

Outcome and Conclusion

The CNE on *Basic English Skills* was a highly successful event. The 1st-year GNM and 1st-semester BSc Nursing students gained essential English language skills, which are critical for their academic and professional development. The interactive sessions, practical exercises, and real-world applications helped students feel more confident in using English for communication in clinical settings.

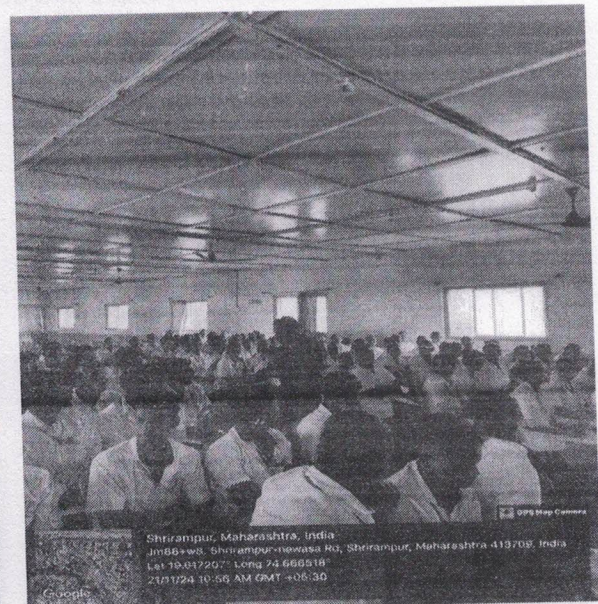

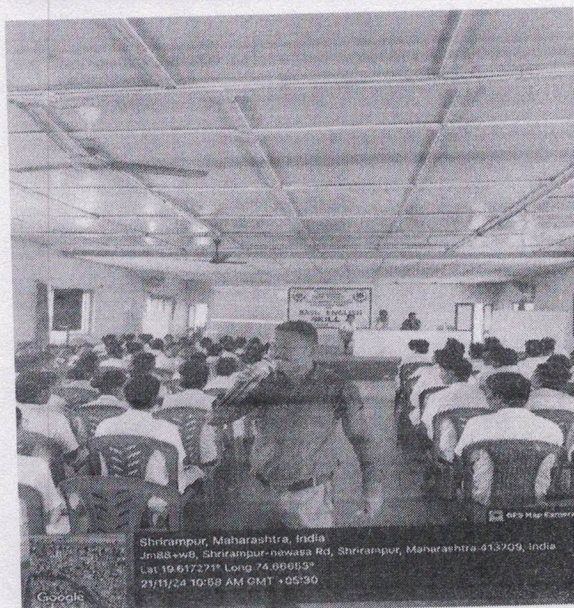

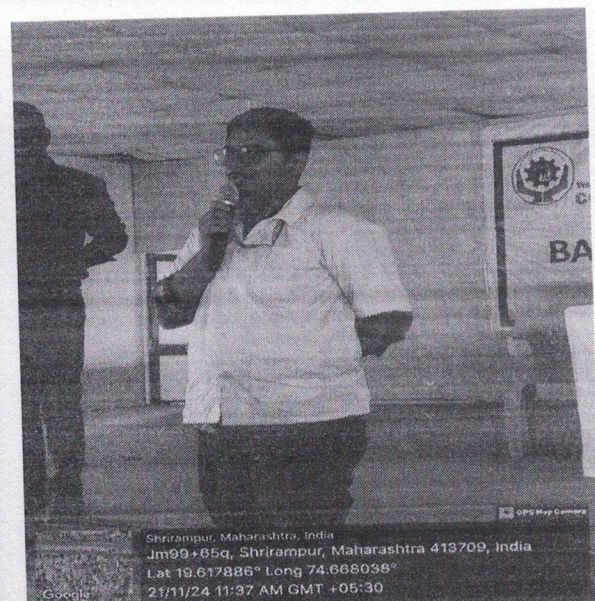

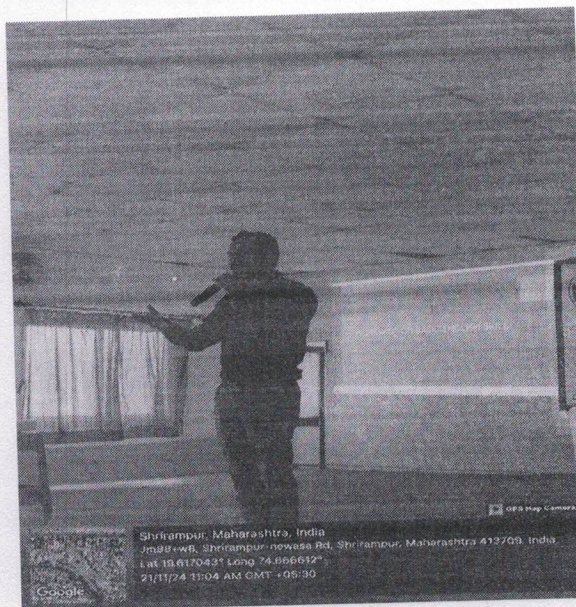

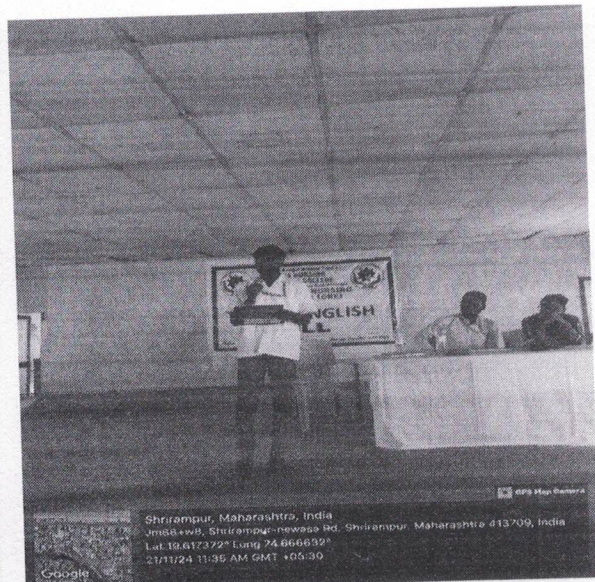

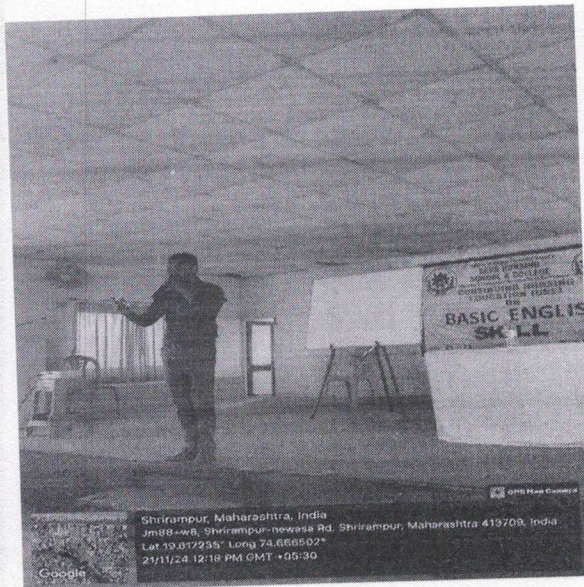

Feedback from students indicated that they found the session to be informative, engaging, and beneficial to their nursing practice. Many students expressed that the knowledge and skills acquired would help them improve their communication with patients, peers, and healthcare teams.

The event concluded with a vote of thanks from the organizer, Miss Aarti Bagul, who thanked the resource person, Professor Akash Bramhane, the participants, and the faculty for their active involvement and support.

Acknowledgments

The organizers would like to express their sincere gratitude to the resource person, Professor Akash Bramhane, for his expert guidance and engaging sessions. Special thanks go to the Principal, Mr. Ajmoddin, for his continuous support and encouragement. We also thank the participants for their active involvement and enthusiasm throughout the event.

The Medical-Surgical Nursing Department looks forward to organizing similar CNE programs in the future to continue enhancing the skills and knowledge of nursing students.

Report on the CNE on "Advanced Emergency Procedures" Organized by the Medical-Surgical Nursing Department

Event Title:

Continuing Nursing Education (CNE) on *Advanced Emergency Procedures*

Dates:

20th & 21st January 2025

Venue:

Sakhar Kamgar Hospital Trust Seva Nursing School and College, Shirampur

Time:

9:00 AM to 5:30 PM (with a lunch break from 1:00 PM to 2:00 PM)

Participants:

3rd Year GNM Students

2nd Semester BSc Nursing Students

Organizing Committee:

- **Chairperson:** Mr. Shaikh Ajmoddin
- **In-charge:** Mr. Rohidas Tanpur
- **Subject Experts:**
 - Mr. Sanket Pawar
 - Mr. Nikhil Gore

Panel Members:

- Mr. Amol Gadekar
- Mr. Akash Pawar
- Ms. Aarti Pawar

Introduction

The CNE on *Advanced Emergency Procedures* was organized by the Medical-Surgical Nursing Department of Sakhar Kamgar Hospital Trust Seva Nursing School and College on 20th and 21st January 2025. The event aimed to provide advanced knowledge and hands-on experience in emergency procedures, which are essential for nursing professionals involved in critical care settings.

The CNE was attended by the 3rd-year General Nursing and Midwifery (GNM) students as well as 2nd-semester BSc Nursing students, providing them with the essential skills required to handle emergency situations in clinical practice.

Objectives of the CNE

The primary objectives of the CNE were:

- To educate nursing students on advanced emergency procedures.

- To provide an opportunity for students to learn from subject experts and gain exposure to real-world emergency scenarios.
- To enhance the understanding of the roles and responsibilities of nurses in managing medical emergencies.

Program Overview

The CNE sessions were designed to be informative and interactive, combining theory with practical demonstrations. The event was divided into multiple sessions across two days:

Day 1 (20th January 2025):

- **Morning Session (9:00 AM - 1:00 PM):**
The first day began with an introductory session, where Mr. Shaikh Ajmoddin, the Chairperson, welcomed the participants and outlined the objectives of the CNE. Following this, Mr. Sanket Pawar, the subject expert, delivered a detailed lecture on the basic principles of emergency care and advanced procedures in managing life-threatening situations. Topics covered included:
 - Emergency assessment and triage techniques
 - Advanced airway management
 - Cardiopulmonary resuscitation (CPR) for adults, children, and infants
 - Use of defibrillators in emergency settings
- **Afternoon Session (2:00 PM - 5:30 PM):**
The afternoon session included hands-on training and practical demonstrations. Students were divided into small groups for skill stations, where they practiced the emergency procedures they had learned earlier.

Day 2 (21st January 2025):

- **Morning Session (9:00 AM - 1:00 PM):**
On the second day, the session continued with more advanced techniques and procedures for handling critical cases in emergency care. The focus was on:
 - Managing cardiac arrests and arrhythmias
 - Intravenous access and medication administration in emergencies
 - Trauma care and managing hemorrhagic shock
- **Afternoon Session (2:00 PM - 5:30 PM):**
The final session was dedicated to simulation-based training where participants worked with mannequins and emergency equipment in simulated emergency scenarios. Mr. Sanket Pawar and the panel members guided the students through real-time decision-making processes and response strategies.

Panel Members and Role

The CNE panel was composed of dedicated professionals who shared their expertise and facilitated the smooth running of the event:

- **Mr. Amol Gadekar**
Mr. Gadekar assisted in coordinating the skill stations and provided additional guidance during hands-on training sessions.
- **Mr. Akash Pawar**
Mr. Pawar contributed to the simulations and practical demonstrations, helping students refine their emergency response skills.

- **Ms. Aarti Pawar**

Ms. Pawar played a key role in organizing the event logistics, ensuring that all necessary materials and equipment were available for the training sessions.

Outcome and Conclusion

The CNE on *Advanced Emergency Procedures* successfully met its objectives by equipping nursing students with essential emergency care skills and knowledge. The participants were highly engaged in both the theoretical and practical components of the event. By the end of the two-day CNE, students demonstrated increased confidence in handling emergency situations and were better prepared to perform advanced life-saving procedures in clinical settings.

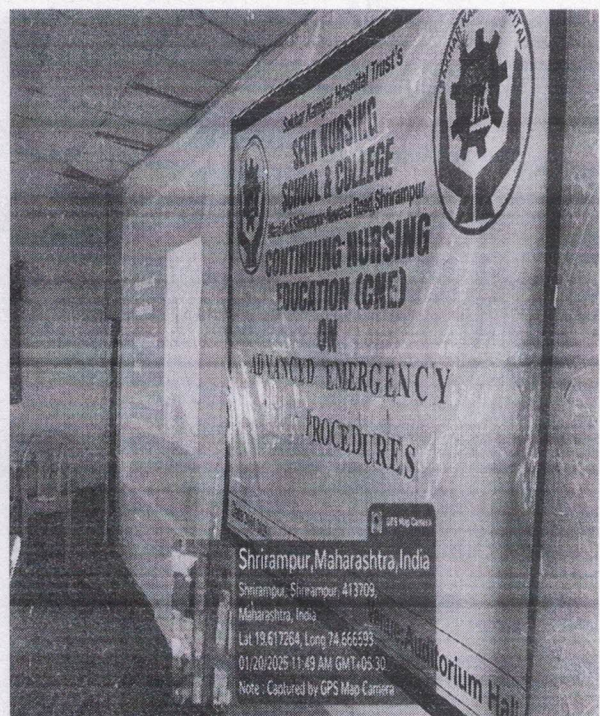

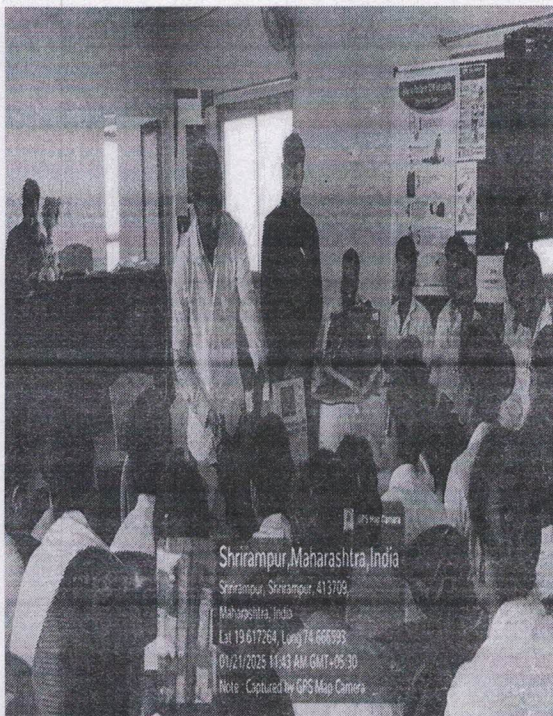

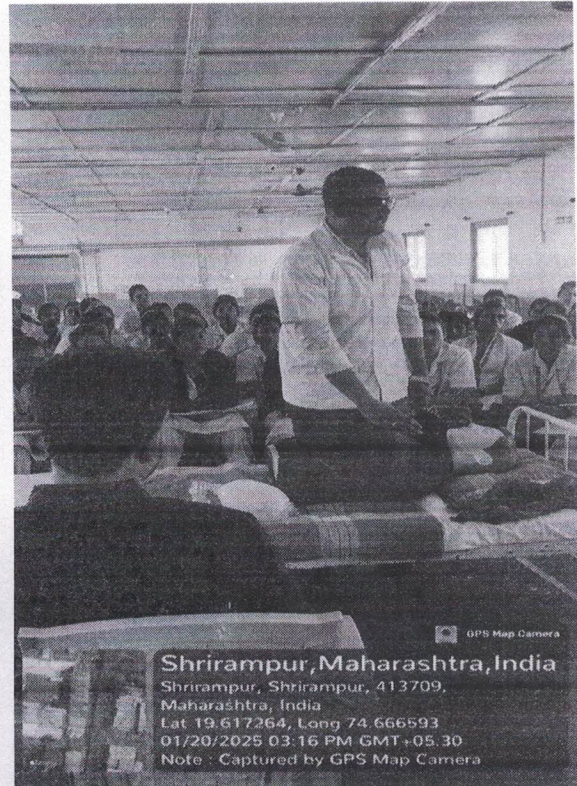

The event was a resounding success, thanks to the efforts of the organizing committee, subject experts, and panel members. The nursing students expressed their gratitude for the opportunity to attend the CNE and appreciated the hands-on experience they gained.

The Medical-Surgical Nursing Department plans to organize similar CNE programs in the future to continue providing high-quality education and skill development to nursing students.

Acknowledgments

The organizing team would like to extend their sincere thanks to the participants, experts, and panel members for their active involvement. Special appreciation goes to Mr. Shaikh Ajmoddin, Chairperson, and Mr. Rohidas Tanpur, CNE In-charge, for their leadership and dedication in ensuring the success of the program.

**SAKHAR KAMGAR HOSPITAL TRUST SEVA NURSING COLLEGE SHRIRAMPUR,
REPORT ON NURSING CNE ON PHARMACOLOGY WORKSHOP**

Event Title: Workshop on “Basics of Pharmacology”

Dates:

6th, 8th, and 10th April 2024

Time:

9:00 AM to 1:00 PM

Venue:

Seva Nursing College, Shirampur

Resource Person:

Mr. Gholap Suraj Machindra, Assistant Professor, Mrs. Saraswati Wani College of Pharmacy, Ganegaon Rahuri

Introduction

A Continuing Nursing Education (CNE) workshop on *Basics of Pharmacology* was successfully conducted for the third and fourth-semester B.Sc. Nursing students at Seva Nursing College, Shirampur. The workshop was held over three days – 6th, 8th, and 10th April 2024 – from 9:00 AM to 1:00 PM each day. Mr. Gholap Suraj Machindra, an Assistant Professor at Mrs. Saraswati Wani College of Pharmacy, Ganegaon Rahuri, was appointed as the resource person for this insightful workshop.

The primary objective of the workshop was to introduce the students to the fundamental concepts of pharmacology, which are essential for their nursing practice. Understanding pharmacology is crucial for nursing professionals as it enables them to administer medications safely, monitor patient responses, and educate patients effectively about their medications.

Objectives of the Workshop

The workshop aimed to:

- Provide students with a basic understanding of pharmacology and its role in nursing.
- Introduce key pharmacological concepts, such as drug classifications, actions, and side effects.
- Educate students on how to administer medications and monitor their effects on patients.
- Equip students with knowledge to safely handle medications in clinical settings.

Program Overview

The workshop was structured into three sessions, with each session focusing on different aspects of pharmacology.

Day 1 - 6th April 2024: Introduction to Pharmacology

The first day of the workshop began with an introduction to the field of pharmacology. Mr. Gholap Suraj Machindra provided a detailed overview of:

- The role of pharmacology in nursing practice
- The basic principles of pharmacology
- Drug classifications (e.g., analgesics, antibiotics, antihypertensives)
- The concept of drug actions and interactions

Students were introduced to the fundamental terminology used in pharmacology, and Mr. Machindra explained how nurses can contribute to safe medication practices. The session was interactive, with students engaging in discussions about common medications used in clinical practice.

Day 2 - 8th April 2024: Pharmacokinetics and Pharmacodynamics

On the second day, the focus shifted to more advanced topics:

- **Pharmacokinetics:** Understanding the absorption, distribution, metabolism, and excretion (ADME) of drugs.
- **Pharmacodynamics:** Exploring the effects of drugs on the body, including drug-receptor interactions, therapeutic effects, and side effects. Mr. Machindra explained how these concepts directly influence drug administration and patient care. The session also involved practical examples of how pharmacokinetics and pharmacodynamics are used in clinical decision-making.

Day 3 - 10th April 2024: Medication Administration and Patient Monitoring

The final day of the workshop was dedicated to the practical aspects of pharmacology:

- Safe medication administration techniques
- Monitoring patients for drug reactions and adverse effects
- Educating patients on proper medication use Mr. Machindra emphasized the importance of careful patient monitoring, especially for high-risk medications. He also demonstrated how nurses can assist patients in understanding their medications and the importance of adherence.

Throughout the workshop, there were practical demonstrations, case studies, and interactive discussions. Students had the opportunity to ask questions, clarify doubts, and participate in group activities related to pharmacological concepts.

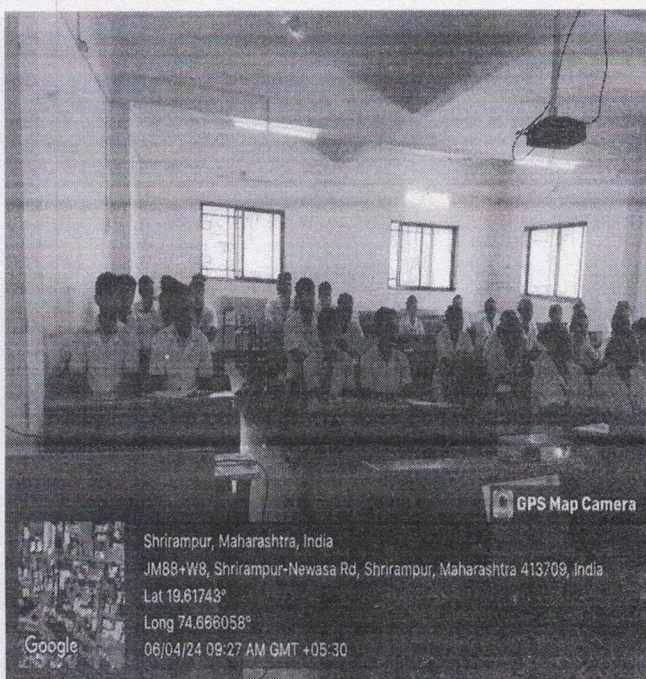

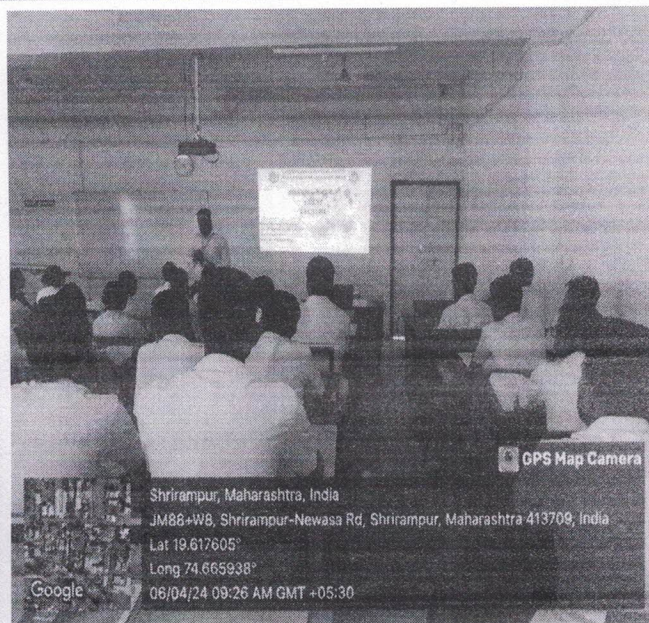

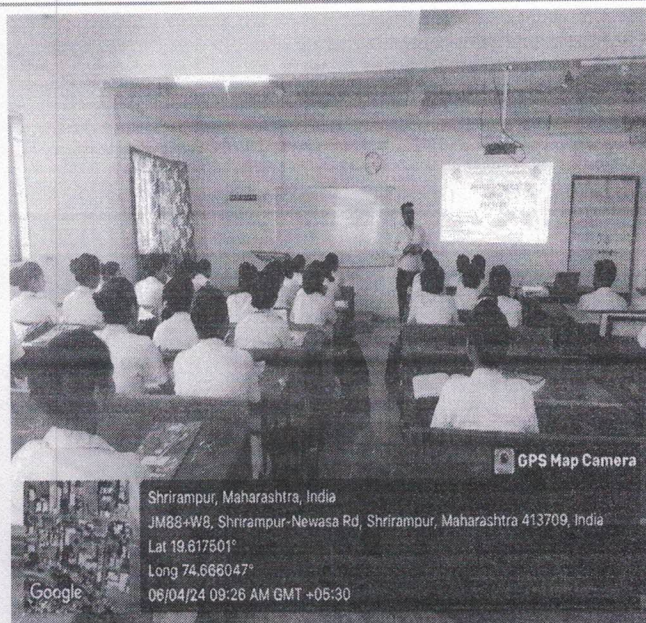

Conclusion and Acknowledgments

The workshop on *Basics of Pharmacology* was a highly informative and beneficial session for the third and fourth-semester B.Sc. Nursing students at Seva Nursing College, Shrirampur. The students gained crucial knowledge that will directly contribute to their clinical practice, particularly in medication administration and patient care.

We are deeply grateful to Mr. Gholap Suraj Machindra for his valuable time, knowledge, and expertise. His engaging and thorough approach to teaching pharmacology made complex concepts

accessible and relevant to the students. We also appreciate his cooperation in ensuring that the workshop was a success.

We thank the Principal, faculty, and students for their active participation, which made this event an enriching learning experience. We look forward to organizing similar CNE programs in the future to continue enhancing the skills and knowledge of nursing students.

Report on Ganesh Chaturthi Celebration at Seva Nursing College, Shrirampur – 2024

Date: Saturday, 7th September 2024

Time: 11:00 AM

Venue: Multi-Purpose Hall, Seva Nursing College, Shrirampur

Organized by: 4th Year B.Sc. Nursing Students

Supported by: Principal Shaikh Sir, Teaching and Non-Teaching Staff

Introduction:

On Saturday, 7th September 2024, Seva Nursing College, Shrirampur, celebrated the auspicious occasion of Ganesh Chaturthi with great enthusiasm and devotion. The event was organized by the 4th-year B.Sc. Nursing students and took place at 11:00 AM in the college's multi-purpose hall. The entire college, including teaching and non-teaching staff, was invited to join in the celebrations. Principal Ajumuddin Shaikh Sir played a significant role in supporting and encouraging the event, ensuring its success.

Preparations:

The preparations for the Ganesh Chaturthi celebration were carried out with meticulous planning by the 4th-year B.Sc. Nursing students. The multi-purpose hall was beautifully decorated with traditional decorations, including flowers, lights, and rangolis, creating a festive atmosphere. A grand idol of Lord Ganesha was placed at the center of the hall, with offerings of fruits, flowers, and sweets surrounding it. The hall exuded a sense of spirituality and joy.

The Celebration:

The celebration began promptly at 11:00 AM with a warm welcome speech by the organizing students. They expressed their gratitude to the college staff and students for their participation and support. The program commenced with the **Ganesh Puja**, where the rituals were conducted with devotion and reverence. Students and staff took part in chanting prayers, offering flowers, and seeking Lord Ganesha's blessings for wisdom, success, and prosperity.

Following the puja, there was a series of cultural performances, including traditional dances, songs, and musical performances, adding vibrancy to the occasion. The performances were met with enthusiastic applause, with students and faculty actively participating in the festivities.

Participation:

The event saw active participation from both students and staff. Principal Ajumuddin Shaikh Sir was present throughout the celebration, offering his support and encouragement to the students. His involvement added a sense of warmth and leadership to the event. All faculty members, along with the non-teaching staff, joined the celebration, enjoying the rituals and cultural activities.

The staff members appreciated the students' initiative in organizing the event and expressed their gratitude for bringing the college community together in such a meaningful and joyous manner.

Community Spirit:

The Ganesh Chaturthi celebration at Seva Nursing College exemplified the spirit of unity and harmony within the college community. The students from the 4th-year B.Sc. Nursing batch worked diligently to ensure that the event was well-organized and enjoyable for everyone. Refreshments, including traditional sweets such as **modaks**, were shared with all attendees, symbolizing the spirit of togetherness and celebration.

Conclusion:

The Ganesh Chaturthi celebration at Seva Nursing College, Shrirampur, was a grand success, thanks to the enthusiasm and hard work of the 4th-year B.Sc. Nursing students and the unwavering support of Principal Ajumuddin Shaikh Sir and the entire teaching and non-teaching staff. The celebration brought the college community together, fostering a sense of camaraderie and joy. The event concluded with the **visarjan** ceremony, where the idol was taken for immersion with a prayer for Lord Ganesha's blessings and a promise to welcome him again next year.

The celebration was a memorable occasion, full of devotion, unity, and cultural richness, making it a significant event in the college's calendar.

Report on Women Empowerment Session at Seva Nursing College, Shrirampur – 2024

Date: Saturday, 31st December 2024

Time: 11:00 AM

Venue: Multi-Purpose Hall, Seva Nursing College, Shrirampur

Organized by: Seva Nursing College

Session Conducted by: Miss Shilpa Chintewar, Special Assistant Public Prosecutor, Shrirampur Court

Session Organized by: Miss Glory Salve

Under the supervision of: Vishakha Committee

Introduction:

On Saturday, 31st December 2024, Seva Nursing College, Shrirampur, conducted a powerful and informative session on **Women Empowerment**. The session was conducted by **Miss Shilpa Chintewar**, Special Assistant Public Prosecutor at Shrirampur Court, and was aimed at providing students and staff with valuable insights into the importance of women's rights, empowerment, and legal awareness. This session, which was organized by **Miss Glory Salve**, was held under the supervision of the **Vishakha Committee** to raise awareness about the empowerment and safety of women in the community.

Objective:

The primary objective of the Women Empowerment session was to:

1. Educate students and staff about the legal rights and empowerment of women.
2. Raise awareness about gender equality and how to combat social and legal issues faced by women.
3. Provide knowledge about legal provisions, support systems, and the role of the judiciary in protecting women's rights.
4. Empower the college community to become advocates for women's safety and equality.

Activities and Execution:

The session was structured to offer both theoretical knowledge and practical advice on women's empowerment, focusing on legal aspects and personal growth. The following key topics were covered:

1. **Introduction to Women's Legal Rights:**

Miss Shilpa Chintewar began by explaining the importance of legal rights for women. She discussed various laws and regulations that have been put in place to protect women from violence, discrimination, and injustice, including the **Domestic Violence Act**, **Sexual Harassment of Women at Workplace Act**, and **Equal Remuneration Act**. She

emphasized the role of women in breaking societal barriers through awareness of their rights and available legal support systems.

2. **Empowerment through Education and Awareness:**

The session also focused on the power of education in empowering women. Miss Chintewar highlighted the significance of education in enhancing women's social, economic, and political status. She encouraged the students to pursue their dreams and to not let societal norms hold them back. She stressed the importance of self-confidence, financial independence, and the ability to make informed choices.

3. **Vishakha Guidelines and Safety Measures:**

The session further elaborated on the **Vishakha Guidelines**, which are legal guidelines for preventing and addressing sexual harassment at the workplace. Miss Chintewar explained how these guidelines protect women and ensure safe working environments. She encouraged both male and female students and staff to take a stand against harassment and abuse.

4. **Legal Help and Support for Women:**

The participants were informed about the various legal resources available to women in need, including women's helplines, legal aid services, and government schemes for the welfare and protection of women. Miss Chintewar shared real-life examples of how women have utilized these resources to fight for justice and empowerment.

5. **Interactive Session:**

An interactive session followed the lecture, where students and staff had the opportunity to ask questions and seek advice on issues related to women's empowerment and legal rights. Miss Chintewar answered each question thoughtfully, offering valuable advice and insights.

Participation:

The Women Empowerment session saw active participation from both students and faculty members of Seva Nursing College. The attendees were engaged and attentive, with many students sharing their thoughts on gender equality and their experiences. The interactive nature of the session allowed everyone to participate and learn more about their role in promoting women's empowerment.

Role of College Leadership:

The session was well-supported by **Principal Ajumuddin Shaikh Sir**, who emphasized the importance of women's empowerment in educational settings. His encouragement and participation in the event underscored the college's commitment to gender equality and the safety of its students and staff. The presence of the **Vishakha Committee** ensured that the session adhered to the college's policies regarding women's safety and empowerment.

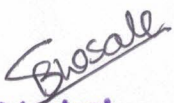

Conclusion:

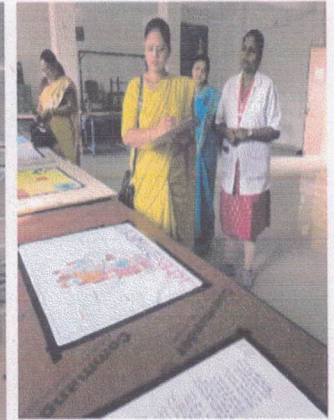

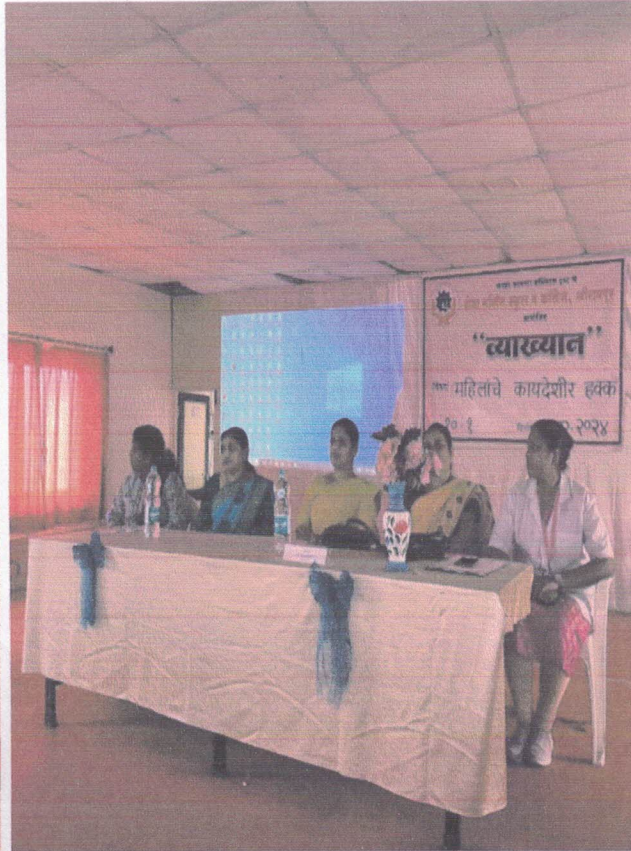

The Women Empowerment session at Seva Nursing College was a resounding success. It provided students and staff with essential knowledge on legal rights, safety, and empowerment.

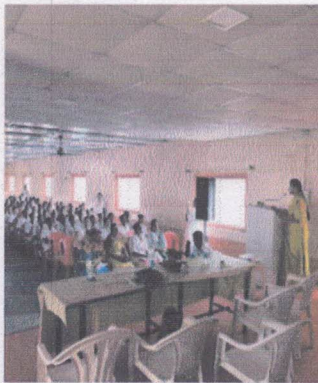

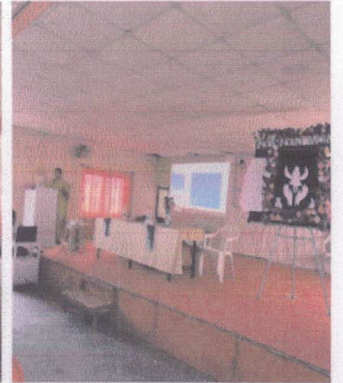

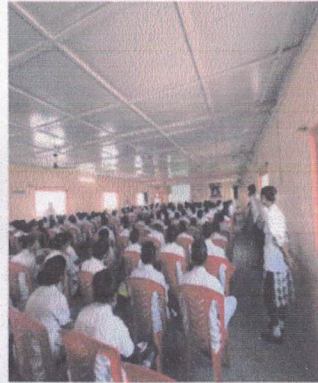

The insightful presentation by **Miss Shilpa Chintewar** and the support of the **Vishakha Committee** made the event both informative and impactful.

The session not only helped raise awareness about women's rights and gender equality but also encouraged students to advocate for positive change in their communities. Seva Nursing College remains committed to empowering its students and creating a safe, supportive environment for all.

This session marked a significant step in promoting women's empowerment within the college and served as a reminder of the importance of continuing to fight for equality and justice.

Report on Christmas Party Celebration at Seva Nursing College, Shrirampur – 2024

Date: Tuesday, 24th December 2024

Time: 11:00 AM to 4:00 PM

Venue: Multi-Purpose Hall, Seva Nursing College, Shrirampur

Organized by: 3rd Year GNM Nursing Students

Supported by: Principal Ajumuddin Shaikh Sir, Miss Shweta Waghmare, Miss Angel Gaikwad,

Special Guests: Trustee Aher Sir, Dr. Ravindra Jagdhane Sir, Secretary Apte Kaka

Introduction:

On Tuesday, 24th December 2024, Seva Nursing College, Shrirampur, hosted a festive and joyous Christmas party that brought the entire college community together. The event was organized by the 3rd-year GNM Nursing students, with support from the teaching and non-teaching staff. The celebration took place from 11:00 AM to 4:00 PM in the college's multi-purpose hall, and was attended by both students and staff. Principal Ajumuddin Shaikh Sir, along with special guests Trustee Aher Sir, Dr. Ravindra Jagdhane Sir, and Secretary Apte Kaka, graced the event with their presence and support.

Preparations and Setup:

The multi-purpose hall was transformed into a winter wonderland with beautiful Christmas decorations. Twinkling lights, colorful streamers, and a large Christmas tree filled the space with festive cheer. The event organizers, under the guidance of Miss Shweta Waghmare and Miss Angel Gaikwad, ensured that everything was set up to create a warm and welcoming atmosphere for everyone. Two Santa Claus figures were placed at the entrance, adding a special touch to the holiday spirit.

The Celebration:

The event kicked off at 11:00 AM with a cheerful welcome speech by the organizers. The festive program included a variety of activities that kept everyone engaged throughout the day.

Dance Performances:

One of the highlights of the celebration was the lively dance performances by the students. The dances were energetic, colorful, and full of Christmas cheer. Students danced to Christmas carols, spreading joy and laughter among the attendees.

Secret Santa Gift Exchange:

The much-anticipated **Secret Santa** game was a major attraction of the day. Both students and staff participated in this fun and heartwarming tradition. Each person was secretly assigned to give a gift to another, fostering a sense of camaraderie and holiday spirit. Gifts were exchanged with smiles and laughter, further strengthening the bond between students and faculty.

Santa Claus Appearance:

To add to the magic of Christmas, two individuals dressed as Santa Claus made a special appearance, distributing sweets and gifts to everyone. Their jolly personalities and festive spirit added an extra dose of fun and excitement to the event.

Participation:

The event saw enthusiastic participation from all members of the college. The students and staff enjoyed the performances, games, and, of course, the delicious treats. Principal Ajumuddin Shaikh Sir and the special guests – Trustee Aher Sir, Dr. Ravindra Jagdhane Sir, and Secretary Apte Kaka – actively engaged with the students and faculty, sharing in the joy and festivities.

The presence of these dignitaries further encouraged the students and staff, making the celebration more memorable.

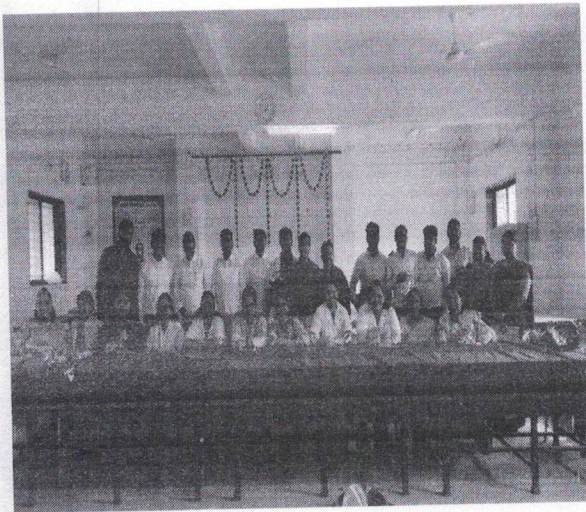

Community Spirit:

The Christmas party at Seva Nursing College emphasized unity, joy, and togetherness. The event provided a platform for students and staff to interact in a relaxed and festive environment. The exchange of gifts and participation in games like Secret Santa promoted friendship and team spirit across all sections of the college community.

Conclusion:

The Christmas party organized by the 3rd-year GNM Nursing students was a grand success. It was a day filled with laughter, celebrations, and unforgettable memories. The festive decorations, dance performances, Secret Santa exchange, and the appearance of Santa Claus made the event truly special. Principal Ajumuddin Shaikh Sir, along with the staff and special guests, supported the students in making this celebration a memorable one. The event successfully brought together the college community, leaving everyone in high spirits as they celebrated the joy and warmth of Christmas.
